

Personal Protective Equipment (PPE) Series

PRODUCT CODE: EPL-KN95

KN95 Disposable Respirator Masks (FDA Approved, latex-free)

- Comfortable, Hypoallergenic, Soft Material
- Bi-Directional Airflow for Easy Breathing
- High Filtration Capacity
- Adjustable Nose Clip
- Ships in QTY 40 per box
- Elastic, Latex-Free Ear Loops
- Single Use Folding Respirator

This KN95 Respirator Mask helps protect against certain particulate contaminants but does not guarantee to eliminate the exposure to, or the risk of coming in contact with, diseases or infection. Please note that masks are generally used by infected people to prevent spread, compared with preventing healthy people from becoming ill.

KN95 Respirator Mask Attributes:

Filter Performance	≥95%
Flow Rate	85 L/min
Inhalation Resistance	≤ 350 Pa
Exhalation Resistance	≤ 250 Pa
Certifications	FDA Classification MSH CE FFP2 GB2626-2006 KN95 Standard
