Fabrik Media Frame
FL55

A Complete Solution for Walls and Ceilings:

- White or Printed Stretch Fabric
- Dedicated White in various Kelvin temps
- Single or Double Sided
- Multiple Mounting options
- 24VDC
- Indoor Rated
- Max size: 10' width (120") x 20' length (240"); please inquire about larger sizes

## Side Lighting:

Added Details:

- Thickness is 120mm (4.75") which allows for LEDs along the perimeter of the profile so that fabric can be placed on both sides of the fixture (similar to our crystal light panels, with the exception of the see through).
- Allows only single color along perimeter of profile
- High powered LED strips, as intended use is for large dimensions
